Newbro's Herpicide

Aids Nature and Keeps the Scalp Clean From Dandruff

Reasonable care and effort are all that are required to cause almost any person to have good hair. When the hair falls out and is stringy, uneven, dry, brittle and generally unhealthy, the condition is nearly always due to dandruff.

Before the hair will grow naturally and luxuriantly, the scalp-like accumulation must be removed and the dandruff eradicated. That is what Newbro's Herpicide does. It is an aid to nature. Herpicide keeps the scalp clean, adds a softness and lusciousness to the hair which indicates health. It not only prevents the hair from falling out but causes it to become one of woman's greatest charms.

Beautiful hair and lots of it may be the reward of every woman willing to devote a little personal effort to the use of the First and Original Germ-Banisher for Dandruff. Herpicide stops itching of the scalp. It has an exquisite odor.

You can obtain a trial size bottle and booklet telling all about the hair by sending ten cents in postage or silver to The Herpicide Co., Dept. S, Detroit, Mich.

Refunded. Insist upon having genuine Herpicide and not some of the cheap imitations. The substitute costs you just as much as the real article. Why take chances? Herpicide applications obtained at the best barber shops and hair dressing parlors.
